Company Overview:

Founded in the year 1981, RDB Group is regarded as one of the premier realtors in India and is certainly amongst the most respected Realty Groups. After been through an incredible journey since 39 years, RDB Group is now ready for the next leap. RDB believes that consistently delivering excellent performance is the strongest testament to the validity and successful implementation of its values. It values all their tenants and this is why they do not see their customers as just clients and instead, they view them as partners. The Group has earned a reputation for the quality of its construction and its ability to keep commitments and schedules. It takes pride in being a responsible corporate citizen and continuously contributes to several activities including environmental protection, safety, labor welfare, etc. Since many years, it has been an integral part of India's development and has been capable of making its mark on the country's urban landscape.

Being the flagship Company of RDB Group, RDB Realty & Infrastructure Limited went public in 2010 after acquiring the real estate arm of RDB Industries Limited. The real estate arm of the RDB Group was born in 1981, with the dream of providing a home to all classes of people. Starting from developing homes for the middle and lower income groups, the Company's product is now categorized into 2 segments:

- **Residential Projects** – Developing Hi-tech & Integrated Townships and Group Housing projects.
- **Commercial Projects** – Building and selling or leasing – out Office Spaces, Malls and Shops.

Headquartered in Kolkata, the Company has a pan India presence with all the necessary infrastructure, manpower and finance. Today RDB Realty & Infrastructure Limited has a strong foothold in all the rapidly growing cities like New Delhi, Mumbai, Hyderabad, Jaipur, Jodhpur, Bikaner, Surat, Chennai, Guwahati, Kharagpur, Haldia, and Burdwan. It has also become a prominent member of CREDAI Bengal and one of the few real estate companies to be accredited with the ISO 9001:2008 certification.

We have been fortifying our today and sowing seeds for a better tomorrow. The presence of highly qualified professionals in the management of the Company ensures that high standards are maintained in quality construction, timely delivery, and customer satisfaction. Since the Company has always strived hard to keep its commitments, more than 5000 happy families are occupying the residential estates of the Company. Additionally, with the existing land bank and the acumen to identify new opportunities, the Company is all set to grow exponentially and be a prominent player in the real estate growth story of India. RDB Group strongly opines **"GOING TOGETHER, GROWING TOGETHER"** with its Customers, Shareholders, Associates and Team Members in order to create and accomplish the aspiration of being one of the largest real estate Company of India.

MESSAGE FROM THE DESK OF WHOLE TIME DIRECTOR

Dear Members,

These are unprecedented and uncertain times that we are living in today. The world hasn't faced a health crisis of this magnitude since the Spanish flu pandemic of 1918. Globally, the COVID-19 pandemic has caused massive disruptions across every sphere of human and business activity. There has been an adverse economic impact on people, communities and countries. It is essential to have quality healthcare to build a strong society – healthy people lead to a progressive and prosperous nation. In an effort to combat the current pandemic, we are seeing governments, public institutions, healthcare professionals, organisations and citizens rallying together to fight this threat to human life.

Financial year 2019-20 was a difficult year for Indian real estate due to a challenging regulatory and macro-economic environment. This was compounded by the unprecedented impact of the COVID-19 pandemic. Although the overall effect of COVID-19 on the business will become clearer in the next fiscal, we need to take utmost care in steering our organization through this crisis with minimal effect on growth.

Your Company had realized well ahead of time that it is not only the diversified portfolio of projects which could fulfill people's dreams in a huge nation like ours, but one must also widen the reach. As the quality of real estate projects in India has improved over the past decade, customer expectations have also evolved. They want and expect more from leading developers, both in terms of design, quality and service experience. Nevertheless, our diversified segmental presence and our ability to drive customer value in Real Estate and

Infrastructural services, adds to our sustainable performance.

It is our pride to announce that the Group has always focused on affordable and mid-ranged housing segments through its various projects. This compliments the vision of **"Housing for All"** as envisaged by the Central Government. Our mission continuously assists in providing the best customer experience, by making their dream come true at easily affordable prices through continuous innovation and improvement in design, specifications and service standards. In order to attain this effectively and smoothly, our workforce has been deeply committed to driving such efforts as they continue to show admirable resilience and agility in responding to the macroeconomic challenges in many of our geographies.

I would like to end this message by expressing my gratitude to all our passionate team members who have shown tremendous commitment and outstanding results. I would also like to thank our customers, partners, and other business associates for their incredible support and trust throughout these years. At RDB, we believe in **"Going Together, Growing Together"** and so I look forward to your continued support as we craft the best years of RDB Group.

With Best Wishes,
Pradeep Kumar Pugalia

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Annexure-7

INDUSTRY STRUCTURE & DEVELOPMENTS

The real estate sector is one of the most globally recognized sectors. The development of the real estate sector is an important parameter to measure economic growth. Its growth as well as downfall both affects the economy of the country. Every year, new policies and laws are made and implemented by the Government in order to bring in growth in the real estate sector. By 2040, real estate market to grow to ₹ 65,000 crore (US\$ 9.30 billion) from ₹ 12,000 crore (US\$ 1.72 billion) in 2019. Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from US\$ 120 billion in 2017 and contribute 13 per cent of the country's GDP by 2025. The Indian real estate sector has witnessed high growth in recent times with the rise in demand for office as well residential spaces. Private Equity and Venture Capital investment in the sector have reached US\$ 1.47 billion between Jan – Mar 2019. Institutional investments in India's real estate are expected to reach US\$ 5.5 billion for 2018, the highest in a decade. Between 2009-18, Indian real estate sector attracted institutional investments worth US\$ 30 billion and received US\$ 2.3 billion in first half of 2019. Real estate attracted around US\$ 14 billion of foreign private equity (PE) between 2015 and Q3 2019. Real estate attracted around ₹ 43,780 crore (US\$ 6.26 billion) of investments in 2019.

OPPORTUNITIES AND THREATS

The real estate market is inherently a cyclical market and is affected by macroeconomic conditions, changes in applicable governmental schemes, changes in supply and demand for projects, availability of consumer financing and liquidity. Unfavourable changes in government policies and the regulatory environment can adversely impact the performance of the sector. Retrospective policy changes and respective bottlenecks may impact profitability and affect the attractiveness of the sector and the companies operating within the sector.

The Government of India along with the Governments of respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Under Pradhan Mantri Awas Yojna (Urban) [PMAY(U)] 1.12 crore houses has been sanctioned in urban areas creating 1.20 crore jobs. Government has created an Affordable Housing fund (AFH) in the National Housing Bank (NHB) with an initial corpus of ₹ 10,000 crore (US\$ 1.43 billion) using priority sector lending short fall of Banks/Financial Institution for micro financing of HFCs. As of September 16, 2019 India had formally approved 419 SEZs, of which 234 in operation.

In February 2018, creation of National Urban Housing fund was approved with an outlay of ₹ 60,000 crore (US\$ 9.27 billion).

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company has identified that its operating activity is a single primary business segment viz. Real Estate Development and Services carried out in India. Accordingly, whole of India has been considered as one geographical segment.

OUTLOOK

The Indian real estate sector has been evolving over the past few years. The next one year or two years are going to be challenging for the India's real estate sector. It has witnessed both flux as well as growth and this is likely to be the trend in 2020 as well. Our portfolio consists of both small and large sized projects, offering complete solution to our esteemed consumers. As such, the Company remains bullish on its existing projects and at the same time, it shall be speeding up construction of existing projects and continue to focus on timely delivery. Owing to numerous reforms introduced, the sector has gone through changes in the tax, regulatory as well as the business environment. The financial year 2020-21 will be both challenging and opportunistic and the ones likely to succeed are those who shall embrace the changing market dynamics.

RISKS AND CONCERNS

The Company has a proper mechanism in place for identifying, assessing, monitoring and mitigating various business related risks. The Board of Directors of the Company are regularly informed and updated about the risk assessments and minimization procedures.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

RDB REALTY & INFRASTRUCTURE LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

- We have audited the accompanying standalone financial statements of RDB REALTY & INFRASTRUCTURE LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows, the Statement of Changes in Equity for the year then ended on that date and notes to the financial statements including a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit (including Other Comprehensive Loss), Changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

- We conducted our audit in accordance with the Standards on Auditing (SAs) specified under

section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

- Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matter	Auditor's Response
1	Investment in Subsidiaries/ Joint Ventures and Associates The impairment review of unquoted equity instruments and debt, with a carrying value of Rs.8, 110.16 lakhs, is considered to be a risk area due to the size of the balances as well as the judgmental nature of key assumptions, which may be subject to management override. The carrying value of such unquoted equity instruments and debt is at risk of recoverability. The net worth of the underlying entities has significantly eroded and the orders in hand are below the break-even production levels of this facility. The estimated recoverable amount is subjective due to the inherent uncertainty involved in forecasting and discounting future cash flows.	Principal Audit Procedures Besides obtaining an understanding of Management's processes and controls with regard to testing the impairment of the unquoted equity instruments in loss making subsidiaries and joint ventures. Our procedures included the following: <ul style="list-style-type: none"> Engaged internal fair valuation experts to challenge management's underlying assumptions and appropriateness of the valuation model used; Compared the Company's assumptions with comparable benchmarks in relation to key inputs such as long-term growth rates and discount rates; Considered historical forecasting accuracy, by comparing previously forecasted cash flows to actual results achieved; and Performed a sensitivity analysis in relation to key assumptions

INDEPENDENT AUDITOR'S REPORT (Contd.)

Sr. No	Key Audit Matter	Auditor's Response
2	<p>Revenue recognition – accounting for construction contracts</p> <p>There are significant accounting judgements including estimation of costs to complete, determining the stage of completion and the timing of revenue recognition. The Company recognises revenue and profit/loss on the basis of stage of completion based on the proportion of contract costs incurred at balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to total estimated costs of each contract. Cost contingencies are included in these estimates to take into account specific uncertain risks, or disputed claims against the Company, arising within each contract. These contingencies are reviewed by the Management on a regular basis throughout the contract life and adjusted where appropriate.</p>	<p>Principal Audit Procedures</p> <p>In responding to the identified key audit matter, we completed the following audit procedures:</p> <ul style="list-style-type: none"> • Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; • Testing the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; • Testing a sample of contracts for appropriate identification of performance obligations; • For the sample selected, reviewing for change orders and the impact on the estimated costs to complete; • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings
3	<p>Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 116 "Leases" (new accounting standard)</p> <p>Ind AS 116 Leases replaces the existing standard Ind AS 17 and specifies how the Company will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Accordingly, the Company has adopted Ind AS 116 Leases with effect from 01.04.2019. The implementation of Ind AS 116 is considered a key audit matter due to the judgments needed in establishing the underlying key assumptions.</p>	<p>Principal Audit Procedures</p> <p>In responding to the identified key audit matter, we completed the following audit procedures:</p> <ul style="list-style-type: none"> • Assessed the design and implementation of key controls pertaining to the determination of the Ind AS 116 transition impact disclosures; • Assessed the appropriateness of the discount rates applied in determining lease liabilities with input from our valuation specialists; • Assessed whether the accounting regarding leases is consistent with the definitions of Ind AS 116 including factors such as lease term and measurement principles. • Verified the accuracy of the underlying lease data by agreeing a representative sample of leases to original contract or other supporting information, and checked the integrity and mechanical accuracy of the Ind AS 116 calculations for each lease sampled through recalculation of the expected Ind AS 116 adjustment; • Considered completeness by testing the reconciliation to the Group's operating lease commitments and by investigating key service contracts to assess whether they contained a lease under Ind AS 116; and • Assessed whether the disclosures within the financial statements are appropriate in light of the requirements of Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors.

the standalone financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.

5. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
6. In connection with our audit of the standalone Financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
7. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management

either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

10. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

INDEPENDENT AUDITOR'S REPORT *(Contd.)*

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
 16. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Report on Other Legal and Regulatory Requirements

17. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
18. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive loss) and the Cash Flow Statement, Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

INDEPENDENT AUDITOR'S REPORT

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35 of the standalone financial statements.
- b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

To the Members of RDB REALTY & INFRASTRUCTURE LIMITED

[Referred to in paragraph 18 (f) of the Independent Auditor's Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –sections 3 of Section 143 of the Companies Act, 2013("the Act")

1. We have audited the internal financial controls over financial reporting of **RDB REALTY & INFRASTRUCTURE LIMITED** ("the Company") as of 31st March, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Control

2. The Company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and

their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material Weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that
 - 1) Pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of company; and
 - 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls

over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the company considering, the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

NOTES TO THE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2020

1. NOTES TO THE FINANCIAL STATEMENTS

A. Corporate Information

RDB Realty & Infrastructure Limited ("The Company") is a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and The Calcutta Stock Exchange (CSE). It is an ISO 9001:2008 certified company, and is one of the leading real estate companies in Eastern India. The Company has a pan India presence with all the necessary infrastructure, manpower, and finance. The registered office of the Company is situated at 8/1, Lalbazar Street, Bikaner Building, 1st Floor, Room No.10, Kolkata-700001.

The principle business activity of the company is Real Estate Development. The Company has a strong foothold in all the rapidly growing cities of West Bengal like Asansol, Burdwan, Haldia, Kharagpur, Midnapur and other upcoming cities of India including Agra, Bikaner, Guwahati, Hyderabad and Surat.

B. Summary of Significant Accounting Policies

a) Statement of Compliance

The financial statements (separate financial statements) have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013.

b) Basis of preparation of financial statements

The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The Functional currency of the Company in Indian Rupees. These Financial Information are presented in Indian Rupees.

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. The normal operating cycle of the company has been considered as 12 months.

Use of estimates:

The preparation of financial statement in conformity with the recognition and measurement principles of

Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key estimates and assumptions :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

c) Revenue recognition, contract costs and valuation of unbilled revenue

i Revenue from own construction

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "Point in time" method and Company is recognizing revenue either after handover of Possession to customer or Registration, whichever is earlier.

ii Revenue from Construction Contracts

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "over time" method and the Company uses the output method to measure progress of delivery.

When the outcome of individual contracts can be estimated reliably, contract revenue and contract cost are recognized as revenue and expenses respectively by reference to the stage of completion at the reporting date. Costs are recognized as incurred and revenue is recognized on the basis of the actual work certified out of performance obligation at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

No margin is recognized until the outcome of the contract can be estimated with reasonable certainty. Provision is made for all known or expected losses on individual contracts once each losses are foreseen.

Revenue in respect of variations to contracts and incentive payments is recognized when it is highly probable and agreed by the customer. Revenue in respect of claim is recognized only if it is highly probable not to reverse in future periods.

- iii. Real Estate: Sales is exclusive of GST, if any, net of sales return.
- iv. Revenue from services are recognised on rendering of services to customers except otherwise stated.
- v. Rental income from assets is recognised for an accrual basis except in case where ultimate collection is considered doubtful. Rental income is exclusive of GST.
- vi. Income from interest is accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.

d) Estimation of net realisable value for inventory property (including land advance)

Inventory property is stated at the lower of cost and net realisable value (NRV).

NRV for completed inventory property is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified by the Company for properties in the same geographical market serving the same real estate segment.

NRV in respect of inventory property under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

With respect to land advance given, the net recoverable value is based on the present value of future cash flows, which depends on the estimate of, among other things, the likelihood that a project will be completed, the expected date of completion, the discount rate used and the estimation of sale prices and construction costs.

e) Property, Plant and Equipment

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognized is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the property, plant and equipment is derecognised.

On transition to Ind AS, the company has elected to continue with the carrying value of all its property, plant and equipment recognized as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

f) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

NOTES TO THE FINANCIAL STATEMENTS

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

On transition to Ind AS, the company has elected to continue with the carrying value of all its intangible assets recognized as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

g) Borrowing Costs

Borrowing costs attributable to the acquisition or construction of a qualifying asset are carried as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the year they are incurred.

h) Depreciation and amortization

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives.

The useful lives estimated for the major classes of property, plant and equipment are as follows:

Depreciation on tangible assets is provided on written down value method over the useful lives of assets estimated by the management and as given in schedule II of The Companies Act, 2013. Depreciation for assets purchased/sold during a period is proportionately charged.

Softwares are amortized over the estimated useful life of 5 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

i) Impairment of Non-Financial Assets

The management periodically assesses using external and internal sources, whether there is an indication that both tangible and intangible asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

j) Inventories

- i. Constructed properties, shown as work in progress, includes the cost of land (including development rights and land under agreements to purchase), internal development costs, external development costs, construction costs, overheads, borrowing costs, construction materials including material lying at respective sites, finance and administrative expenses which contribute to bring the inventory to their present location and condition and is valued at lower of cost/estimated cost and net realizable value.
- ii. On completion of projects, unsold stocks are transferred to project finished stock under the head "Inventory" and the same is carried at cost or net realizable value, whichever is less.
- iii. Finished Goods – Flats: Valued at cost and net realizable value.
- iv. Land Inventory: Valued at lower of cost and net realizable value.

Provision for obsolescence in inventories is made, wherever required.

k) Retirement Benefits

a. Short Term employee benefit

Short term employee benefits such as salaries, wages, bonus, expected cost of ex-gratia etc. are recognised in the period in which the employee renders the related service.

b. Long Term and Post-employment benefits

- i. Defined Contribution Plan: Employee benefits in the form of Employees State Insurance Corporation and Provident Fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the period when the contributions to the respective funds are due.
- ii. Defined Benefit Plan: Employee benefits in the form of Gratuity is considered as defined benefit plan and are provided for on the basis of an independent actuarial valuation, using the projected unit credit method, as at the Balance Sheet date as per requirements of Accounting Standard-15 (Revised 2005) on "Employee Benefits".

Remeasurements, comprising of actuarial

NOTES TO THE FINANCIAL STATEMENTS

gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

l) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation if the company has a present obligation as a result of past event and the amount of obligation can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Possible future or present obligations that may, but will probably not require outflow of resources or where the same cannot be reliably estimated is disclosed as contingent liability in the financial statement.

m) Taxes on Income

- i. Tax expense comprises both current and deferred tax. Current tax is determined in respect of taxable income for the year based on applicable tax rates and laws.
- ii. Deferred tax Asset/liability is recognized, subject to consideration of prudence, on timing differences being the differences between taxable incomes and accounting income that originates in one year and is capable of reversal in one or more subsequent year and measured using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are not recognized unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are reviewed at each Balance Sheet date to reassess their reliability.

- iii. Minimum Alternative Tax (MAT) may become payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular corporate tax payable in subsequent years, as per the provisions of the Income Tax Act. MAT paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

n) Foreign Currency Transactions

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at Balance Sheet date. The gains or losses resulting from such translation are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency are translated at the exchange rate prevalent at the date of transactions.

Revenue, expense and cash flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of transaction.

o) Segment Reporting

The Company has identified that its operating activity is a single primary business segment viz. Real Estate Development and Services carried out in India. Accordingly, whole of India has been considered as one geographical segment

p) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

NOTES TO THE FINANCIAL STATEMENTS

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Cash & Cash Equivalents

Cash and cash equivalents comprises of cash & cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management and that are readily convertible to known amounts of cash to be cash equivalents.

r) Financial Instruments

➤ Financial Instruments - Initial recognition and measurement

Financial assets and financial liabilities are recognized in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

➤ Financial assets –Subsequent measurement

The Subsequent measurement of financial assets depends on their classification which is as follows:

- **Financial assets at fair value through profit or loss**

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

- **Financial assets measured at amortized cost**

Loans and receivables are non derivative

financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

Debt instruments at amortised cost:

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- i. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- ii. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the group. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI, if both of the following criteria are met:

- i. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- ii. The asset's contractual cash flows represent SPPI. Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other

NOTES TO THE FINANCIAL STATEMENTS

comprehensive income (OCI).

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL.

- **Financial assets at fair value through OCI**

All equity investments, except investments in subsidiaries, joint ventures and associates, falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The Company makes an irrevocable election on an instrument by instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable. If the Company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

- **Financial assets –Derecognition**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

- **Investment in subsidiaries, joint ventures and associates**

Investments made by the Company in subsidiaries, joint ventures and associates are measured at cost. Impairment recognized, if any is reduced from the carrying value.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily de-recognised when:

- The right to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

- **Financial liabilities –**

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification which is as follows:

- **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any, and financial liabilities designated upon initial recognition

NOTES TO THE FINANCIAL STATEMENTS

as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on the liabilities held for trading are recognised in the profit or loss.

- **Financial liabilities measured at amortized cost**

Interest bearing loans and borrowings including debentures issued by the company are subsequently measured at amortized cost using the effective interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortized is included in finance costs in the statement of profit and loss.

- **Financial liabilities –Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or expires.

- s) **Fair Value measurement**

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- o In the principal market for the assets or liability; or
- o In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The Company uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

- t) **Impairment of financial assets**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

- u) **Lease**

- a. **Where the Company is the lessee**

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

NOTES TO THE FINANCIAL STATEMENTS

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in

the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit and Loss.

v) Standards issued but not yet effective

The amendments are proposed to be effective for reporting periods beginning on or after 1 April 2020.

Issue of Ind AS 117 – Insurance Contracts Ind AS 117 supersedes Ind AS 104 Insurance contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flows with a provision for risk. Application of this standard is not expected to have any significant impact on the Company's financial statements.

Amendments to existing Standards Ministry of Corporate Affairs has carried out amendments of the following accounting standards:

Ind AS 103 – Business Combination

Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors

Ind AS 40 – Investment Property

The Company is in the process of evaluating the impact of the new amendments issued but not yet effective.

37. Capital Requirements

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables less cash and cash equivalents

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2018 and March 31, 2019.

Disclosure of Financial Instruments

Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include trade and other receivables, cash and cash equivalents and loans and advances and refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. The Company has not entered into any foreign exchange or commodity derivative contracts. Accordingly, there is no significant exposure to the market risk other than interest risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. Most of the borrowings of the Company are unsecured and at fixed rates. The Company has only one cash credit account which is linked to the Prime Bank Lending Rate. The Company does not enter into any interest rate swaps.

NOTES TO THE FINANCIAL STATEMENTS

(ii) Price risk

The Company has not made any investments for trading purposes. The surpluses have been deployed in bank deposits as explained above.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- **Receivables resulting from sale of properties:** Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.
- **Receivables resulting from other than sale of properties:** Credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company's credit period generally ranges from 30-60 days.

The ageing of trade receivables are as follows:

Particulars	As on 31.03.2020	As on 31.03.2019
More than 6 months	25,991,548	51,798,566
Others	79,606,269	118,168,987

Deposits with banks and financial institutions

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Board. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2017 and 2016 is the carrying amounts.

(c) Liquidity Risk

The Company's investment decisions relating to deployment of surplus liquidity are guided by the tenets of safety, liquidity and return. The Company manages its liquidity risk by ensuring that it will always have sufficient liquidity to meet its liabilities when due. In case of short term requirements, it obtains short-term loans from its Bankers.

(d) Impact of adoption of Ind AS- 116

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended March 31, 2019. On transition, the adoption of the new standard resulted in recognition of 'Right of Use' asset of ₹ 99.97 lakhs and a lease liability of ₹ 99.97 lakhs.

NOTES TO THE FINANCIAL STATEMENTS

Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

(e) New Tax Regime

An amendment to Taxation Laws (Amendment) Ordinance, 2019 ("Ordinance") issued on 20th September, 2019 has provided the option to domestic company to opt for a lower tax regime subject to the assessee not availing any incentives and no credits being allowed for the accumulated Minimum Alternate Tax (MAT) credit. The Company has opted to continue under existing provision of the Income Tax Act, 1961.

(f) Impact of Covid 19

An unprecedented catastrophic in the form of pandemic COVID-19 has emerged as a disastrous global challenge and our Company too has not been left unscathed from its onslaught. The Registered Office of the Company has resumed operations in a skeleton manner from 4th May, 2020 and thereafter in a phased manner is streamlining the operations, complying with all the prescribed safety standards. April-June 2020 being a lockdown quarter, the revenues and profitability of the company are likely to be adversely impacted. The manufacturing and other operations of the Company were disturbed since the declaration of the lockdown, which has impacted the financial position of the Company.

38. The figures of Previous Year have been recast, regrouped whether considered necessary.

CONSOLIDATED INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

RDB REALTY & INFRASTRUCTURE LIMITED

Report on the Audit of the Consolidated Ind AS Financial Statements

Qualified Opinion

- We have audited the accompanying consolidated financial statements of RDB REALTY & INFRASTRUCTURE LIMITED(hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group")and its associate comprising of the Consolidated Balance Sheet as at 31st March, 2020, the Consolidated Statement of Profit and Loss including other comprehensive Income, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries and associate referred to in the Other Matters paragraph, except for the effects of the matter described in the Basis for Qualified Opinion Paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2020, of consolidated profit (including Other Comprehensive Loss), consolidated changes in equity

and its consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

- As stated in Note 2.8 the consolidated financial statements does not include the financial statements of one limited liability partnership of which the Company is a partner as the financial statements are not available with the Parent's Management.
- We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in sub paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

- Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report in respect of the units audited by us.

Sr. No	Key Audit Matter	Auditor's Response
1	Investment in Subsidiaries/ Joint Ventures and Associate The impairment review of unquoted equity instruments and debt, with a carrying value of ₹8,110.16 lakhs, is considered to be a risk area due to the size of the balances as well as the judgmental nature of key assumptions, which may be subject to management override. The carrying value of such unquoted equity instruments and debt is at risk of recoverability. The net worth of the underlying entities has significantly eroded and the orders in hand are below the break-even production levels of this facility. The estimated recoverable amount is subjective due to the inherent uncertainty involved in forecasting and discounting future cash flows.	Principal Audit Procedures Besides obtaining an understanding of Management's processes and controls with regard to testing the impairment of the unquoted equity instruments in loss making subsidiaries and joint ventures. Our procedures included the following: <ul style="list-style-type: none"> Engaged internal fair valuation experts to challenge management's underlying assumptions and appropriateness of the valuation model used; Compared the Company's assumptions with comparable benchmarks in relation to key inputs such as long-term growth rates and discount rates; Assessed the appropriateness of the forecast cash flows within the budgeted period based on their understanding of the business and sector experience;

CONSOLIDATED INDEPENDENT AUDITOR'S REPORT (Contd.)

Sr. No	Key Audit Matter	Auditor's Response
		<ul style="list-style-type: none"> Considered historical forecasting accuracy, by comparing previously forecasted cash flows to actual results achieved; and Performed a sensitivity analysis in relation to key assumptions
2	<p>Revenue recognition – accounting for construction contracts</p> <p>There are significant accounting judgements including estimation of costs to complete, determining the stage of completion and the timing of revenue recognition. The Company recognises revenue and profit/loss on the basis of stage of completion based on the proportion of contract costs incurred at balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to total estimated costs of each contract. Cost contingencies are included in these estimates to take into account specific uncertain risks, or disputed claims against the Company, arising within each contract. These contingencies are reviewed by the Management on a regular basis throughout the contract life and adjusted where appropriate.</p>	<p>Principal Audit Procedures</p> <p>In responding to the identified key audit matter, we completed the following audit procedures:</p> <ul style="list-style-type: none"> Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; Testing the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; Testing a sample of contracts for appropriate identification of performance obligations; For the sample selected, reviewing for change orders and the impact on the estimated costs to complete; Engaging technical experts to review estimates of costs to complete for sample contracts; and Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings
3	<p>Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 116 "Leases" (new accounting standard)</p> <p>Ind AS 116 Leases replaces the existing standard Ind AS 17 and specifies how the Company will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Accordingly, the Company has adopted Ind AS 116 Leases with effect from 01.04.2019. The implementation of Ind AS 116 is considered a key audit matter due to the judgments needed in establishing the underlying key assumptions.</p>	<p>Principal Audit Procedures</p> <p>In responding to the identified key audit matter, we completed the following audit procedures:</p> <ul style="list-style-type: none"> Assessed the design and implementation of key controls pertaining to the determination of the Ind AS 116 transition impact disclosures; Assessed the appropriateness of the discount rates applied in determining lease liabilities with input from our valuation specialists; Assessed whether the accounting regarding leases is consistent with the definitions of Ind AS 116 including factors such as lease term and measurement principles. Verified the accuracy of the underlying lease data by agreeing a representative sample of leases to original contract or other supporting information, and checked the integrity and mechanical accuracy of the Ind AS 116 calculations for each lease sampled through recalculation of the expected Ind AS 116 adjustment; Considered completeness by testing the reconciliation to the Group's operating lease commitments and by investigating key service contracts to assess whether they contained a lease under Ind AS 116; and Assessed whether the disclosures within the financial statements are appropriate in light of the requirements of Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors.

Other Information

5. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board Report, Corporate

Governance and Shareholders' Information but does not include the consolidated financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.

CONSOLIDATED INDEPENDENT AUDITOR'S REPORT (Contd.)

6. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
8. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance.

Management's Responsibility for the Consolidated Financial Statements

9. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and statement of changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rules issued thereunder. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
10. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group including its associate are responsible for assessing the ability of the Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and

using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so

11. The respective Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group and its associate have adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis

CONSOLIDATED INDEPENDENT AUDITOR'S REPORT (Contd.)

of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
14. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 16. From the matters communicated with those charged with governance, we determine those matters

that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

17. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Other Matters

- 18 (a) We did not audit the financial statements of 12 subsidiaries included in the consolidated financial statements, whose financial statements reflect total assets of ₹ 50,124.35 lakhs as at March 31, 2020, total revenues of ₹ 1,022.86 lakhs, total net profit after tax of ₹ 377.25 lakhs and total comprehensive income of ₹ 377.25 lakhs for the year ended on that date as considered in the financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statement, in so far as it relates to the amount and disclosures included in respect of these subsidiaries are based solely on the reports of other auditors.

The consolidated financial statements also include the Group's share of net profit of ₹ 5.87 lakhs for the year ended 31st March, 2020, as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements have not been audited by us. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it

CONSOLIDATED INDEPENDENT AUDITOR'S REPORT (Contd.)

relates to the amounts and disclosures included in respect of these subsidiary and associate, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary and associate, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the Statement is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

19. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) Except for the effects of the matter described in the Basis for Qualified Opinion Paragraph above, In our opinion proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) Except for the effects of the matter described in the Basis for Qualified Opinion Paragraph above, In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder.

(e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2020 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies and associate company, none of the directors of the Group's companies and its associate company are disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A", which is based on the auditor's report of the parent, subsidiary companies and associate company, and

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate – Refer Note 2.7 to the consolidated financial statements.
- ii. The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies and associate companies.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

To the members of

RDB REALTY & INFRASTRUCTURE LIMITED

[Referred to in paragraph 19(f) of the Auditors' Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –section 3 of Section 143 of the Companies Act, 2013("the Act")

1. We have audited the internal financial controls over financial reporting of RDB REALTY & INFRASTRUCTURE LIMITED. (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, as of 31st March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the of the Holding Company and its subsidiary companies and its associate, are responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiaries and associate based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance

Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and its associate, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting the Company, its subsidiary companies and its associate companies.

Meaning of Internal Financial Control over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - 1) pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- with authorization of management and directors of company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the Holding Company its subsidiary companies and its associate company, have, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 3 subsidiary companies, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

A. Corporate Information

RDB Realty & Infrastructure Ltd (The Company) and its subsidiaries, associates, partnership firm & LLP (collectively referred to as "Group") are engaged primarily in the business of real estate construction, development and other related activities. The Company a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and The Calcutta Stock Exchange (CSE). The registered office of the Company is situated at 8/1, Lalbazar Street, Bikaner Building, 1 Floor, Room No.10, Kolkata-700001.

These consolidated financial statements ('financial statements') of the Group have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified (by Ministry of Corporate Affairs ('MCA')) under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Group has uniformly applied the accounting policies during the periods presented.

The Company's financial statements are reported in Indian Rupees, which is also the Company's functional currency.

B. Summary of Significant Accounting Policies

a) Overall consideration

The consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

Basis of preparation

The consolidated financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the consolidated financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair value/amortised cost as explained in relevant accounting policies.

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. The normal operating cycle of the company has been considered as 12 months.

Basis of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group can have power over the investee even if it owns less than majority voting rights i.e. rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

They are deconsolidated from the date that control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Statement of profit and loss balance (including other comprehensive income ('OCI')) is attributed to the equity holders of the Holding Company and to the non-controlling interests basis the respective ownership interests and such balance is attributed even if this results in controlling interests having a deficit balance.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. Such a change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Distributions received from an associate or a joint venture reduces the carrying amount of the investment. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale.

b) Use of estimates:

The preparation of financial statement in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key estimates and assumptions :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Such changes are reflected in the assumptions when they occur.

Estimation of net realisable value for inventory property (including land advance)

Inventory property is stated at the lower of cost and net realisable value (NRV).

NRV for completed inventory property is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified by the Company for properties in the same geographical market serving the same real estate segment.

NRV in respect of inventory property under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

With respect to Land advance given, the net recoverable value is based on the present value of future cash flows, which depends on the estimate of, among other things, the likelihood that a project will be completed, the expected date of completion, the discount rate used and the estimation of sale prices and construction costs.

c) Property, Plant and Equipment

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant

and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognized is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the Property, plant and equipment is derecognised.

On transition to Ind AS, the company has elected to continue with the carrying value of all its property, plant and equipment recognized as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

d) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period

On transition to Ind AS, the company has elected to continue with the carrying value of all its intangible assets recognized as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

e) Revenue recognition, contract costs and valuation of unbilled revenue

i Revenue from own construction

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "Point in time" method and Company is recognizing revenue either after handover of Possession to customer or Registration, whichever is earlier.

ii Revenue from Construction Contracts

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "over time" method and the Company uses the output method to measure

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

progress of delivery.

When the outcome of individual contracts can be estimated reliably, contract revenue and contract cost are recognized as revenue and expenses respectively by reference to the stage of completion at the reporting date. Costs are recognized as incurred and revenue is recognized on the basis of the actual work certified out of performance obligation at the reporting date.

No margin is recognized until the outcome of the contract can be estimated with reasonable certainty. Provision is made for all known or expected losses on individual contracts once each losses are foreseen.

Revenue in respect of variations to contracts and incentive payments is recognized when it is highly probable and agreed by the customer. Revenue in respect of claim is recognized only if it is highly probable not to reverse in future periods.

- iii. Real Estate: Sales is exclusive of GST, if any, net of sales return.
- iv. Revenue from services are recognised on rendering of services to customers except otherwise stated.
- v. Rental income from assets is recognised for an accrual basis except in case where ultimate collection is considered doubtful. Rental income is exclusive of GST.
- vi. Income from interest is accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.

f) Borrowing Costs

Borrowing costs attributable to the acquisition or construction of a qualifying asset are carried as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the year they are incurred.

g) Depreciation and amortization

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives.

The useful lives estimated for the major classes of property, plant and equipment are as follows:

Depreciation on tangible assets is provided on written

down value method over the useful lives of assets estimated by the management and as given in schedule II of The Companies Act, 2013. Depreciation for assets purchased / sold during a period is proportionately charged.

Softwares are amortized over the estimated useful life of 5 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

h) Impairment of Non-Financial Assets

The management periodically assesses using external and internal sources, whether there is an indication that both tangible and intangible asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

i) Inventories

- i. Constructed properties, shown as work in progress, includes the cost of land (including development rights and land under agreements to purchase), internal development costs, external development costs, construction costs, overheads, borrowing costs, construction materials including material lying at respective sites, finance and administrative expenses which contribute to bring the inventory to their present location and condition and is valued at lower of cost/estimated cost and net realizable value.
- ii. On completion of projects, unsold stocks are transferred to project finished stock under the head "Inventory" and the same is carried at cost or net realizable value, whichever is less.
- iii. Finished Goods – Flats: Valued at cost and net realizable value.
- iv. Land Inventory: Valued at lower of cost and net realizable value.

Provision for obsolescence in inventories is made, wherever required.

j) Retirement Benefits

a. Short Term employee benefit

Short term employee benefits such as salaries, wages, bonus, expected cost of ex-gratia etc. are

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

recognised in the period in which the employee renders the related service.

b. Long Term and Post-employment benefits

i. **Defined Contribution Plan:** Employee benefits in the form of Employees State Insurance Corporation and Provident Fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the period when the contributions to the respective funds are due.

ii. **Defined Benefit Plan:** Employee benefits in the form of Gratuity is considered as defined benefit plan and are provided for on the basis of an independent actuarial valuation, using the projected unit credit method, as at the Balance Sheet date as per requirements of Accounting Standard-15 (Revised 2005) on "Employee Benefits".

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

k) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation if the company has a present obligation as a result of past event and the amount of obligation can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Possible future or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated is disclosed as contingent liability in the financial statement.

l) Taxes on Income

i. Tax expense comprises both current and deferred tax. Current tax is determined in respect of taxable income for the year based on applicable tax rates and laws.

ii. Deferred tax Asset/liability is recognized, subject to consideration of prudence, on timing differences being the differences between taxable incomes and accounting income that originates in one year and is capable of reversal in one or more subsequent year and measured using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are not recognized unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are reviewed at each Balance Sheet date to reassess their reliability.

iii. Minimum Alternative Tax (MAT) may become payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular corporate tax payable in subsequent years, as per the provisions of Income Tax Act. MAT paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

m) Foreign Currency Transactions

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at Balance Sheet date. The gains or losses resulting from such translation are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

are translated at the exchange rate prevalent at the date of transactions.

Revenue, expense and cash flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of transaction.

n) Segment Reporting

The company has identified that its operating activity is a single primary business segment viz. Real Estate Development and Services carried out in India. Accordingly, whole of India has been considered as one geographical segment.

o) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

p) Cash & Cash Equivalents

Cash and cash equivalents comprise cash & cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management and that are readily convertible to known amounts of cash to be cash equivalents.

q) Financial Instruments

➤ Financial Instruments - Initial recognition and measurement

Financial assets and financial liabilities are recognized in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

➤ Financial assets –Subsequent measurement

The Subsequent measurement of financial assets depends on their classification which is as follows:

- **Financial assets at fair value through profit or loss**

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

- **Financial assets measured at amortized cost**

Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

Debt instruments at amortised cost:

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Group. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

- i. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- ii. The asset's contractual cash flows represent SPPI. Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL.

- **Financial assets at fair value through OCI**

All equity investments, except investments in subsidiaries, joint ventures and associates, falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The company makes an irrevocable election on an instrument by instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable. If the company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

- **Financial assets –Derecognition**

The company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes

of that equity instrument is transferred from OCI to Retained Earnings.

- **Investment in subsidiaries, joint ventures and associates**

Investments made by the company in subsidiaries, joint ventures and associates are measured at Cost. Impairment recognized, if any is reduced from the carrying value.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily de-recognised when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

- **Financial liabilities –**

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate.

The Group's financial liabilities include trade and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

- **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any, and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

- **Financial liabilities measured at amortized cost**

Interest bearing loans and borrowings including debentures issued by the company are subsequently measured at amortized cost using the effective interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortized is included in finance costs in the statement of profit and loss.

- **Financial liabilities –Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or expires.

r) Fair Value measurement

The company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- o In the principal market for the assets or liability or
- o In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The company

uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

s) Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

t) Lease

a. Where the Company is the lessee

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

The company recognises a right-of-use asset

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably

certain not to terminate early.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit and Loss.

u) Standards issued but not yet effective

The amendments are proposed to be effective for reporting periods beginning on or after 1 April 2020.

Issue of Ind AS 117 – Insurance Contracts Ind AS 117 supersedes Ind AS 104 Insurance contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flows with a provision for risk. Application of this standard is not expected to have any significant impact on the Company's financial statements.

Amendments to existing Standards Ministry of Corporate Affairs has carried out amendments of the following accounting standards:

Ind AS 103 – Business Combination

Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors

Ind AS 40 – Investment Property

The Company is in the process of evaluating the impact of the new amendments issued but not yet effective.

A. Capital Requirements

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the

Total Capital	1,425,276,304	1,378,770,595
Gearing ratio	2.01	2.30

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2018 and March 31, 2019.

Disclosure of Financial Instruments

Financial risk management objectives and policies

The Group's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Group's operations. The Group's principal financial assets include trade and other receivables, cash and cash equivalents and loans and advances and refundable deposits that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The senior management of the respective companies oversees the management of these risks. The senior management of the companies are supported by their respective financial risk committees that advise on financial risks and the appropriate financial risk governance framework for the company. The financial risk committee provides assurance to the individual company's senior management that the financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors of the respective Companies reviews and agrees policies for managing each of these risks, which are summarised below:

(a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. The Group has not entered into any foreign exchange or commodity derivative contracts. Accordingly, there is no significant exposure to the market risk other than interest risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. Most of the borrowings of the Group are unsecured and at fixed rates. The Group does not enter into any interest rate swaps.

(ii) Price risk

The Group has not made any investments for trading purposes. The surpluses have been deployed in bank deposits as explained above.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Group's credit risk in this respect.
- Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security.

The ageing of trade receivables of the Group are as follows:

Particulars	As on 31.03.2020	As on 31.03.2019
More than 6 months	33,941,573	52,899,056
Others	113,034,687	164,985,849

Deposits with banks and financial institutions

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

Counterparty credit limits are reviewed by the Board of Directors of the respective Companies on an annual basis, and may be updated throughout the year subject to approval of the Board. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Group's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2018 and 2017 is the carrying amounts.

(c) Liquidity Risk

The Group's investment decisions relating to deployment of surplus liquidity are guided by the tenets of safety, liquidity and return. The Group manages its liquidity risk by ensuring that it will always have sufficient liquidity to meet its liabilities when due. In case of short term requirements, it obtains short-term loans from its Bankers.

(d) Impact of adoption of Ind AS- 116

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended March 31, 2019. On transition, the adoption of the new standard resulted in recognition of 'Right of Use' asset of ₹ 99.97 lakhs and a lease liability of ₹ 99.97 lakhs. Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

(e) New Tax Regime

An amendment to Taxation Laws (Amendment) Ordinance, 2019 ("Ordinance") issued on 20th September, 2019 has provided the option to domestic company to opt for a lower tax regime subject to the assessee not availing any incentives and no credits being allowed for the accumulated Minimum Alternate Tax (MAT) credit. The Company has opted to continue under existing provision of the Income Tax Act, 1961.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(f) Impact of Covid 19

An unprecedented catastrophic in the form of pandemic COVID-19 has emerged as a disastrous global challenge and our Company too has not been left unscathed from its onslaught. The Registered Office of the Company has resumed operations in a skeleton manner from 4th May, 2020 and thereafter in a phased manner is streamlining the operations, complying with all the prescribed safety standards. April-June 2020 being a lockdown quarter, the revenues and profitability of the company are likely to be adversely impacted. The manufacturing and other operations of the Company were disturbed since the declaration of the lockdown, which has impacted the financial position of the Company.

2.8 The Board clarifies that the financial statement of the Aristo Infra Developers LLP could not be prepared within the stipulated time due to the lockdown imposed by the Government and the subsequent disturbances caused in the operations

2.9 The figures of Previous Year have been recast, regrouped wherever considered necessary.
