# NBFCs' dud assets to further deteriorate in FY22: Icra

PRESS TRUST OF INDIA Mumbai, June 28

**NEARLY A THIRD** of loans by NBFCs are in risky segments, and the already elevated nonperforming assets ratio for such lenders are expected to rise by up to 1% in FY22 due to the impact of the second wave, rating agency Icra said on Monday.

The estimate on the overall assets under management (AUM) growth for non-bank lenders has been revised down to 7-9% as against 8-10% earlier by Icra because of the setback in disbursements in the first quarter of the fiscal, impacted by the second wave.

"Entities would also be faced with increased asset quality pressures as prolonged stress in the operating environment would push the gross stage3/NPAs by about 0.50-1% in the current fiscal; it increased by about 0.40-50% during the last fiscal," agency's vice president AM Karthik said.

About 30% of the non-bank exposure is deemed to be in the risky segments like real estate, personal credit, microfinance, unsecured SME and segments of commercial vehicle and pas-

# MFIs welcome ₹7500-crore credit guarantee scheme

**FE BUREAU** Kolkata, June 28

**AS FINANCE MINISTER Nir**mala Sitharaman on Monday announced a ₹7,500-crore credit guarantee scheme for microfinance institutions (MFIs) as economic relief from the pandemic, microfinance players and industry bodies said the scheme would play a catalytic role in facilitating credit to MFIs and their customers as banks would have comfort to lend to the micro-lenders at reasonable rates during the present challenging times.

Village Financial Services MD & CEO Kuldip Maity said, "We welcome the initiative announced by the finance minister to facilitate loans to bottom of the pyramid borrowers through microfinance institutions. The movewill benefit both the NBFC-MFIs and their borrowers in these tough times as the disbursements by MFIs have taken a hit because of cash flow issues, which eventually left borrowers in distress as theywere unable to carry on their income generating activities due to lack of funds.."

MFIN CEO and director Alok Misra said the credit guarantee scheme to MFIs would play a catalytic role in facilitating credit to MFIs and their customers in these difficult times. "Of special mention is the

coverage of term loans from scheduled commercial banks to MFIs unlike only CPs/NCDs in last year's scheme, which will allow smaller MFIs to be covered. Other specific measures introduced in the scheme in terms of eligibility of standard customers, pricing directions, focus on new lending and guarantee up to 75% of default amount will ensure that scheme benefits the micro-finance customers in a substantive way."

## Cotton body seeks withdrawal of 10% customs duty

THE COTTON ASSOCIATION of India (CAI) has reiterated its request to the government to withdraw 10% customs duty imposed on cotton since Feb-

ruary 2 this year. In a letter addressed to finance minister Nirmala Sitharaman, CAI president Atul S Ganatra said cotton has been under the open general licence scheme without any quantitative and qualitative restrictions for last several decades. India produces merely 5 to 6 lakh bales of ELS (extra-long staple) cotton, against the actual requirement of about 12 to 15 lakh bales, and about 5 to 7 lakh bales of non-ELS contamination-free sustainable cotton, he said.

Ganatra said due to imposition of 10% import duty on cotton, raw material has become costly, which is reducing India's competitiveness vis-à-vis China, Bangladesh, Pakistan and Vietnam. —**FE BUREAU**

senger vehicle financing, which were more severely affected by the pandemic, he added.

Geographically, large states like Maharashtra, Karnataka and Tamil Nadu, which accounted for around 40% of the sectoral credit, were among the severely affected states by the second wave and witnessed tighterrestrictions. Demand for restructuring would go up in the current fiscal because of the prolonged stress in the operating environment and the non-availability of any blanket forbearance like loan moratorium, the agency said, pointing that restructuring in the last fiscal was about 1.5% of the sectoral

AUM. Disbursements are likely to witness a 50-60% decline in the April-June period when compared to the March quarter, but are expected to revive healthily in the latter part of the year to register a 6-8% growth in FY22 as against the same in FY21.

The revised down AUM growth estimate of 7-9% will still be higher than the 4% achieved in FY21 when the pandemic had struck, it said, adding that low base and disbursements growth will be aiding the number.
